SCHEDULE OF RATES AND FEES LAGUARDO UTILITY DISTRICT

(g) TDEC Environmental Fee	\$1.00 (or such annual amount as charged by TDEC) per customer per year
(h) Capacity Fee	\$1,250.00 per individual residential meter or residential meter equivalent. The capacity fee is charged all new customers or connections to equitably fund the capital costs the District has incurred to be able to provide service to new connections. The capacity fee represents a new connection's proportionate share of the cost of providing facility capacity to serve new connections.

Capacity Charges	Meter Size	Capacity Fees
	¾"	\$1,250.00
	1"	\$3,125.00
	1 ½"	\$6,250.00
	2"	\$12,500.00
		Anything larger than a 2" meter size will be calculated on a case by case basis.

5. Commercial and Developers Fees (see specifics in Development Policy and Development Contract)

(a) Application Plan and Review Fee	\$1,250.00
(b) Capacity Fee	\$1,250.00 per individual residential meter or residential meter equivalent
(c) Fee for administrative, legal, and engineering services	12% of estimated cost
(d) Maintenance Bond & Performance Bond required	

THIS RATES AND FEES CHART MAY BE AMENDED AT ANY TIME BY THE DISTRICT.

REVISED BY RESOLUTION PASSED July 12, 2018.

Capacity fees on Existing Buildings: On existing commercial property, no capacity fees will be charged unless tap is upsized and/or additional taps or fire lines are added; then capacity fees will be due on the entire building or complex. If an existing tap is in place and serving only the portion of the building previously served and a new tap is added serving new portions or sections of a building or facility, capacity fee's will only be due on the new section or portions added according to the current commercial capacity fee's chart.

Revised: May 01, 2020
